

Coronavirus: The New Rules

What do I need to know and do?

Wear a mask

From 8 am until 10 pm, you must wear a mask in central Frankfurt and on all shopping streets – see the back of this flyer.

You must wear a mask when using trams, metros, urban trains and bus services.

You must wear a surgical mask or FFP2 mask.

Limit your contact with others

Health protection comes first. Therefore public life in Frankfurt is largely restricted at the moment. The best protection for you and others is to avoid human contact altogether.

Persons from the same household may meet with one additional person.

What are the rules for schools and childcare?

Childcare facilities and schools will be opened in stages.

What are the rules for daily life and recreation?

Retail and wholesale stores, restaurants and pubs remain closed. Delivery and takeaway are allowed. Supermarkets will remain open. Hairdressers will reopen starting 1 March.

No alcohol may be consumed in parks, on busy streets or public squares.

Recreational facilities in Frankfurt am Main, such as the theatre, opera, zoo, the Palmengarten and swimming pools, will remain closed.
